# V-Lite R7

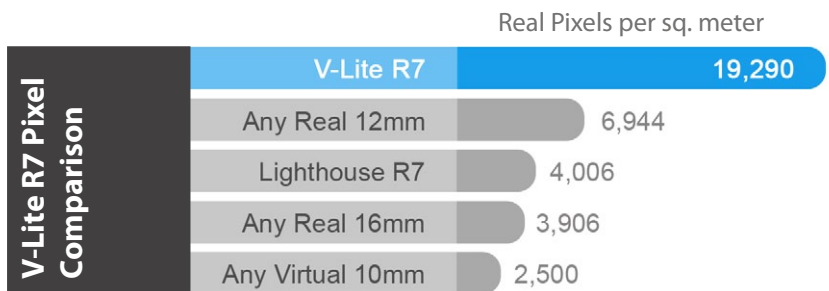

REAL 7.2MM INDOOR/OUTDOOR LED SCREEN

YSLV's latest high resolution screen, the V-Lite R7 is the UK's highest resolution outdoor LED screen. It's expansive viewing angle makes it perfect for close audiences. A fanless design, slim profile, quick build system & low weight make it totally unique.

- » **Real 7.2mm** Pixel Pitch
- » Full HD Processing with native **HD-SDI** input
- » **5500 NITS** Brightness
- » IP66 Rated Front & Back for **full outdoor use**
- » Lightweight at just **10kg** per panel
- » An amazing **19,290 pixels per sqm**
- » Silent **Fan-less** operation
- » Only **80mm deep** - great for tricky installations
